Looking forward

- Take on trainer training to provide 'in house' First Aid and CPR training as needed
- Continue work on digitalization of nurses' office
 - Phase 1-- Health room visits -- completed June 2015; adding 4K sites 2017-18
 - Phase 2 -- Immunization documentation -- completed August 2015
 - Phase 3 -- Medication administration documentation -- June 2018
 - Phase 4 -- Electronic Health Plans -- June 2018
- School Health link on district web page
- Continue to work on management of medical information and staff trainings
 - Total of 41 medication errors
- Individual professional development to stay up to date with best practices
- Continue efforts to keep the district in compliance with state health mandates

Thank you!

Any questions you may have for me at this time?
