

2012 – 2013 Preferred Vendor List

The selection of vendors for district purchases is an important process. The business office negotiates discounts and conditions with the most commonly used vendors. The staff member completing a requisition must decide which vendor offers the product that they are looking for at the best available price/condition. The vendor's contact person can provide price quotes for larger purchases (ex: furniture). Each building secretary will have a catalog. Staff members should contact vendors not listed on this document to obtain discounted or bid pricing. Please contact the business office if you have any questions regarding vendor selection. This list is not meant to be all inclusive.
